**Participation:** free of charge

PMR together with UKTI Poland are offering an exciting opportunity for power construction companies to learn how to take advantage of energy construction opportunities in Poland – the biggest energy market potential in Europe.

### Agenda

The webinar will see energy experts from both PMR and UKTI presenting on:

- current and planned investments in the energy sector
- key players in the market
- barriers to entry and forthcoming opportunities from:
  - nuclear power
  - shale gas
  - solar power
  - biomass/biogass
  - waste to energy
  - shale gas.

### Speakers

**Martin Oxley** – Director UKTI, Poland, former CEO of the British Polish Chamber of Commerce which under his leadership grew to be the best British Chamber in Europe. Working in Emerging Europe for the last 20 years he is a recognised expert and speaker on Poland’s business environment.

**Katarzyna Bednarz** – PMR Construction Market Analyst, she has been entrusted with developing reports on the construction sector in Poland. She has authored and co-authored a number of articles about the segments of construction market, regularly cited by domestic and international titles.

**Mark Hamson** – PMR Head of Business Development and an expert with more than 20 years of experience in business cooperation between the UK and Poland in various sectors, construction in particular.
